ARCHITECTS FOR A BETTER WORLD®

Shanghai, China
MADA s.p.a.m
Architect Ma Qingyun

ARCHI-WORLD film crew on tour in Shanghai and Tokyo

Chinese architect Ma Qingyun and leading Japanese architect Kengo Kuma are Asian pioneers in sustainable building solutions. Their projects reflect great know-how and inspiring creativity.

The Archi-World film crew took the long flight to film projects on site. This shows how far the producers of this quality movie are going to make a unique and very valuable documentary of sustainable building solutions today in different parts of the world...
